

Sport Colours - Camera Edition

UNDERWATER LIGHT & INTEGRATED UNDERWATER CAMERA

Integrated Underwater Camera

Advanced Optics

Ultra Reliable

Easy Install

Built-in Driver

Full Colour

3,500 Fixture Lumens

0.01 Lux

The Sport Colours - Camera Edition is the world's first surface-mounted, full-colour underwater light with an integrated underwater camera. Designed for both recreational and professional use, this all-in-one solution delivers exceptional underwater visibility and unmatched lighting effects, ideal for leisure boats and sport fishing vessels.

Its wide angle-of-view offers a natural perspective with zero distortion, making it ideal for docking, hazard detection, and capturing underwater action in full clarity. Producing 3,500 fixture lumens, the Sport Colours - Camera Edition leverages OceanLED's most advanced optical technology, ensuring uncompromised performance.

The Sport Colours - Camera Edition is more than an accessory - it's a competitive advantage.

SEE EVERYTHING BENEATH THE WATERLINE

Engineered to deliver sharp, colour-accurate video even in low light conditions, with a wide angle of view, the Sport Colours - Camera Edition offers a distortion-free perspective, perfect for dockside maneuvering, detecting submerged hazards, or even capturing underwater footage of trophy catches.

ADVANCED UNDERWATER LIGHT OPTICS

At its core, the Sport Colours - Camera Edition uses OceanLED's most advanced underwater optics. This proprietary optical technology supercharges performance, creating a focused blade of light designed to penetrate further than its competitors, even lights far more powerful.

EASY INSTALLATION. SURFACE MOUNTED

Installation is fast and simple, requiring only a single 12.5mm (0.5") hole for the cable to pass through the hull, thanks to its surface mount design. This makes it ideal for both new builds and retrofits, and like all OceanLED products, it comes with our trusted No-Hassle Warranty.

BUILT FOR HARSH MARINE ENVIRONMENTS. TESTED TO IP69K

The Sport Colours - Camera Edition features a robust marine-grade aluminum bronze housing, specialist toughened glass, and Tritonium™ coating to resist marine growth. Designed for durability and built for the elements, the Sport Colours - Camera Edition has been rigorously tested to IP69K standards for waterproofing, ensuring your complete peace of mind. The addition of advanced seals makes it one of the most reliable and long-lasting underwater lights available anywhere.

IDEAL FOR ALL BOAT TYPES

The Sport Colors - Camera Edition can be used on almost any boat type, from sport fishers and day boats, to pontoon boats, wake boats and even houseboats. Ideal for boats left in the water for extended periods of time, the lights robust housing and antifouling protection offer a significant long-term maintenance benefit. Everyone can benefit from this bold leap forward in form and function.

OceanLED

IP69K CERTIFICATION

To achieve the IP69K rating, a piece of equipment must go through a rigorous water intrusion test. The product is placed on a turntable that rotates five times a minute. It's sprayed at 80 to 100 bar/1,160 to 1,450 PSI, in phases of 14 to 16 l/min, and at temperatures up to 176°F/80°C.

MOUNTING RECOMMENDATIONS: TECHNICAL INFORMATION:

- Boat Size: Up to 65' (20m)
- Hull Spacing: 2ft-4ft
- Transom Quantity: 2-6 lights
- Install Depth: 8-10" (20-25cm)
Below the waterline

BOX CONTENTS:

- Sport Colours - Camera Edition
- In-Line Fuse Kit
- BNC Adaptor
- Mounting Screws
- Quick Install Guide

WARRANTY:

- Two Year No Hassle Warranty

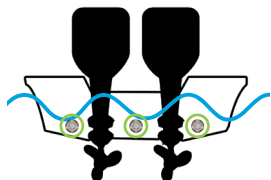

Water Protection Rating	IP69K	Fixture Lumens	3,500
Current/Power Consumption	12V DC 5.5A 24V DC 2.4A	Beam Angle	90° x 20° Blade
Min/Max Operating Voltage	9-32V DC	Operating Temperature	-10°C to 50°C ambient
Driver Type	Internal		
PHYSICAL			
Weight	700g	Hole Cut-Out	0.5" (12.5mm)
Cable Length	3m	Material	Aluminium Bronze
Footprint	3.93" (100mm))		
CAMERA			
Image Sensor:	1/4" CMOS	Minimum Illumination:	0.01 Lux

White Balance:	Auto	Video Output:	1.0Vp-p 75Ω BNC

TRANSOM PLACEMENT:

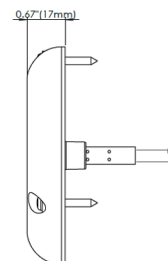

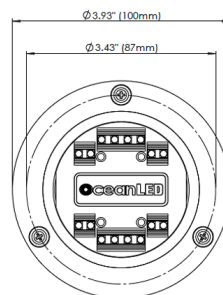

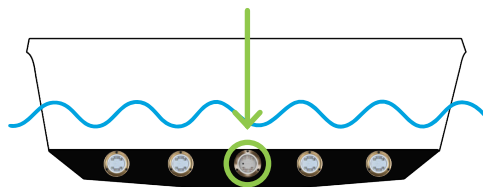

Small Boats (Outboard)

Example placement with twin outboard engines.

Larger Boats (Inboard)

Example placement for larger boats with inboard engines.

ACCESSORIES:

OPTIONAL JUNCTION BOXES	
Item	Part
2-Way DMX Junction Box - camera edition	013207

OPTIONAL CABLES	
Item	Part
BNC to BNC Video Cable - 10m	011812
BNC to BNC Video Cable - 20m	011813

OPTIONAL CONTROLLERS	
Item	Part
OceanBridge Multizone Lighting Controller	013201

OPTIONAL ISOLATION KIT	
Item	Part
Isolation Mounting Kit	012122CDI
