

Sport S3116s

Key Features

 Up To **9840 Lumens**

 **90°/20°**

Available Colours

 **Ultra White**

 **Midnight Blue**

OceanLED Sport S3116s is the perfect underwater LED light for fishing and cruising in small and medium sized boats.

Packing an impressive 9,800 lumens into a low profile, compact design with Midnight Blue and Ultra White light options. Advanced optics, designed exclusively by OceanLED, offer a truly striking 90° surface beam angle with a focused 20° side beam angle providing greater water penetration and a significantly larger area illuminated without any loss.

- **20% brighter than its competitors, illuminating a significantly larger area.**
- **62% narrower focused side beam angle providing greater water penetration.**
- **True 90° beam angle with no fading at the edge gives better illumination.**

- **9,840 Lumens / 5,000 Fixture Lumens**

Best-in-class performance from this ultra-bright light makes it the obvious choice for those who want to stand out from the crowd.

- **90°/20° Beam Angle**

A true wide-angled, focused beam lights up a large area of the water.

- **Compact and simple design**

Made from corrosion resistant Alu Bronze, there is a lot packed into this 10cm light. Installation needs only a small, 1/2" (12.5mm) hole in the hull to feed the cable through and 3 screws in place. No bonding required.

- **Simple to install**

12mm hole in the hull to feed the cable through and 3 screws in place. No bonding required.

- **Easy to clean**

Thanks to its Tritonium coating, a simple wipe of the lens removes any underwater growth saving hours of scrubbing each time you use it.

- **Fish-Strobe Mode**

Exceptionally bright, randomised strobing of the light is proven to attract more fish and catch more bait.

Technical Specifications

Mounting Recommendations	S3116s
Boat size	up to 65' (20m)
Transom / Hull spacing	2-4' (0.5-1.2m)
Transom quantity	2-6
Installation depth (to top of fixture)	8-10" (20-25cm)
Technical	
Light output equivalent to	150W Metal Halide
Lumens	9840
Fixture Lumens	5000
Typical LED life expectancy	40,000+ Hours
Minimum-Maximum operating voltage DC	9-32V DC
Current / Amp draw (DC)	12V DC 5A 24V DC 2.4A
Approx. light penetration (avg. water quality)	TBC
Approx. Light penetration (perfect water quality)	TBC
Driver type	Internal
Physical	
Total weight	0.70kg
Extension cable length (standard)	9 ⁷ / ₆₄ " (3m)
Hole cut-out for cable entry	1/2" (12.5mm)
Material	AB2 Aluminium Bronze
Accessories	Part#
NEW 4 Way V DC Power Junction Box	019901

*Fixture Lumens rating is a measurement of total light output from a finished lighting fixture. This measurement can only be obtained from either a Goniophotometer or an Integrating sphere. Fixture Lumens is the most reliable, professional measurement of light output. OceanLED has heavily invested in these measurement apparatus and has had all its data verified by the Lighting Association of Great Britain.
