

Eyes HD Ocean Camera

Capture the underwater action

The Eyes HD Ocean Camera can be mounted anywhere allowing you to capture the magic of your own underwater aquarium beneath your boat or from the cockpit in full 1080p High Definition video.

Never miss the moment the fish strikes or when you're lucky enough to have a pod of dolphins swimming with you. Can be used to increase security, and provide evidence of your winning tournament catch.

Enjoy Your Fun Time

OceanLED

Sport Series

Designed to shine.

The OceanLED **Sport series** is the perfect choice for fishing and cruising in small to medium sized boats.

Advanced optics designed exclusively by OceanLED, create an optically efficient 90° surface beam angle with a focused 20° side beam displaying a striking amount of water penetration and a significantly larger illuminated area. With up to 5000 fixture lumens, low profile and compact design, the Sport Series is truly the leader in its class.

X Series

Spend more time on the water.

Fantastic for fishing or having fun with family and friends. With a wide choice of sizes and colours, the **X Series** offers a range of mounting and colour options to help create your perfect light show and enjoy more time on the water.

Colours models offer full control, interactivity and colour customisation. You can toggle between the colours or with our OceanDMX controller and smartphone app; your choice is virtually limitless.

 **OceanDMX**

The ultimate light display at your fingertips.

Transform your underwater lighting with this free mobile App for iOS or Android. Pick your favorite colour, sync with your tunes or switch to *Wave Impact* mode for a dramatic spectacle on the move.

Compatible with X Series X8/X16, Allure Colours and Pro Series HD Colours.

Pro Series / Allure HD

Transform the ocean into an exotic paradise.

More powerful, professional lights for the slightly larger boat, delivering quality when it matters. Trusted by the world's leading boat builders and professional anglers to catch fish and help take home the trophies.

Xchangeable Flush Mount models allow you to interchange and upgrade without having to take your boat out of the water. Exceptionally low profile design for unlimited hull mounting options.
